

12v solar marine lithium ion battery pack

What is a 12V Marine Battery?

Our 12V marine batteries are similar-sized to lead-acid batteries, which makes upgrading to DCS Lithium 12V Batteries a simple task, whilst offering six times the battery life and less than a third of the weight of lead-acid batteries. DCS Lithium Batteries are lightweight yet, due to their superior construction, they are very strong and durable.

What is a 12 volt lithium battery used for?

Built Dakota tough, this 12 volt lithium battery packs a punch. Ideal for industrial purposes where price point matters, or for outdoor uses like hiking or camping where weight is at a premium. Bulk pricing available for quantities of 2 or more.

What size battery does a solar generator use?

180 watts is the optimal size for large power stations and solar generators. Will charge any 12V Dakota Lithium battery, turning it into a solar generator that collects and stores power, allowing you to run many electronics indefinitely. Fish longer, play harder, and go further with a battery that never needs to be plugged in.

Buy Weize 12V 100Ah TM LiFePO4 Lithium Battery, Built-in Smart BMS, Group 31 Deep Cycle Battery Perfect for Trolling Motor, RV, Solar, Marine, Overland/Van, and Off Grid Applications: 12V - Amazon FREE DELIVERY possible on eligible purchases
