

4000 watt solar panel kit with battery

This solar battery kit can automatically detect a connection to the grid and switch between on-grid and off-grid applications seamlessly. This pre-designed 4.0 kW solar kit contains the core components you need to go solar on your terms.

This kit comes with 200W monocrystalline panels that come straight from some of the best names in solar! Our selection shows off only top-tier brands like Longi and QCells; each one backed by a 25 year warranty for worry-free power ...
