

Addo solar battery

What are Addo car batteries?

Addo car batteries are up to date with automotive technologies available and innovative designs that meet all light motor vehicle requirements. The positive plate is made using grid cast technology. Expanded grid technology is used to make the negative plate. Low corrosion and longer life of battery due to thicker grid.

Are Addo batteries maintenance free?

The design of Addo batteries incorporates the very latest oxygen recombination technology to effectively eliminate the need for watering during normal use. Due to the perfectly sealed construction and the recombination of gasses within the cell, the battery is almost maintenance free.

What is Addo tubular battery?

ADDO Tubular Battery (220Ah/12V) uses high surface carbon in tubular batteries which makes it run for life. It not only improves the discharge performance of the batteries but also ensures fast recovery in the deep cycle. [Read More](#)

Are Addo batteries a good brand?

Factory charged ready to use, Spill-Proof, high-performance maintenance free batteries. Addo provides a huge range of Light Motor Vehicle batteries to meet all the needs of the market. High performance and longer lasting batteries is what the market needs, and it is what they get from Addo Platinum.

What is ADDO tubular inverter battery?

It not only improves the discharge performance of the batteries but also ensures fast recovery in the deep cycle. [Read More](#) ADDO Tubular Inverter Battery (220Ah/12V) is available online in nigeria @jashsupplies.com , comes at the best price and 24months warranty..

We offer a wide range of inverters, solar panels and top of the line solar products that are widely known for their innovative technology. We are the leaders in the battery technology since the company provides a competitive 5-year warranty ...

Battery Tall Tubular Regular Conventional Battery Product Features Robust Tubular with High Pressure diecasted spine resulting low rate of spine corrosion Spill Proof Vent plug - resulting in no spillage on top and low controlled acid ...
