

Aims solar battery

How much does a aims power inverter cost?

The inverter has achieved UL 1741-SA, CSA 22.2 No.107-01, UL1998, and UL1699B certifications for safety and are IP65 NEMA4X rated for outdoor installation. Both inverters are warrantied for 10 years. Aims Power says on its website that the 4.6 kW output inverter retails for \$3,900, while the 9.6 kW inverter retails for \$4,900.

What is the maximum voltage a aims power inverter can support?

Both products support a maximum PV voltage of up to 660 V. Aims Power's inverters have a CEC rated efficiency of 97%. It has a generator input for backup power rated at 240 Vac.

What is LiFePO4 aims power?

Hello! NEW! Lithium Battery with Wake Up, Heater & BT Monitoring 12V 104Ah LiFePO4 AIMS Power sells signature DC to AC power inverters, solar panels, deep-cycle batteries, charge controllers and more. Custom solar kits and US based tech support.
