

American solar battery

Who is American Solar?

American Solar Co. offers reliable solar installation and battery solutions for California homes and businesses. Go green and save on energy costs with us.

Why should you choose American Solar?

Smart homeowners, businesses, and non-profits achieve massive energy cost savings with solar panels from American Solar. As the leading clean energy company in Northern California, we specialize in solar systems, energy storage, estate scale battery backup and electric pool heating to fully satisfy your residential or commercial property.

Are Crown solar batteries a reliable choice?

Crown Solar Batteries are considered reliable by serious Renewable Energy (RE) system owners. They have the best available battery capacity ratings, ranging from 95 to 2550 Ampere-Hours @20HR rate. Crown RE batteries have earned this recognition.

Should I buy a flooded or AGM solar battery?

Crown offers Solar Batteries for both flooded and AGM needs. Both types of batteries provide long and sustainable power for solar use. They are both made with a thick plate and thick grid to ensure reliable power for years to come.

Can solar power be stored in a battery?

Existing solar systems typically have solar inverters, which change the DC power produced by panels to AC power that can be consumed in your home or exported onto the grid. But if you want to store that AC power in a battery, it needs to be inverted again to DC power.

Does American solar company offer tax credits?

Own your solar system with \$0 money down & low fixed rates. Eligible for all tax credits. Get access to solar with \$0 money Down and low monthly rates. At American Solar Company, we understand that waiting for federal tax credits can be a hassle. That's why we offer an exclusive program for customers who choose to pay with cash or a loan.
