

Are solar batteries vat free

Do batteries qualify for 0% VAT?

Batteries also qualify for 0% VAT in Great Britain if they are supplied as part of an installation with a qualifying material - in other words, a solar system. However, because batteries are not included on the list of ESMs itself, they do not qualify if installed as a standalone product.

Are solar batteries VAT free?

As with many government initiatives, the VAT-free status of solar batteries is only set to last for a while. The deadline to enjoy the 0% VAT lasts until the 31st of March 2027. However, at this point, it will be subjected to 5% VAT rather than returning to the previous 20% VAT rate.

Are battery storage installations VAT free?

After which the tax will return to a reduced VAT of 5%, rather than the previous 20%. What type of Battery storage installations are VAT free? For homeowners looking to install both solar panels with battery storage simultaneously, the VAT on this type of installation will remain at 0%.

Do I have to pay 0% VAT on solar & energy storage?

Solar Energy UK recommends to support the uptake of residential solar and energy storage. All solar and energy storage installations, including maintenance to existing sites, should be subject to 0% VAT. This should include residential energy storage when installed as a standalone measure.

Do I get VAT if I Retrofit a solar battery?

If you already have a solar panel system and are looking to benefit from retrofitting a solar battery, you too will receive a VAT exemption on your installation. There are many benefits to adding battery storage to your solar panels.

Is 0% VAT on solar panels a good idea?

With there being 0% VAT on solar panels and battery storage there is no time like the present to invest in solar energy, and or expand your existing system.

So, to encourage more of this joined kind of thinking, VAT has been reduced on batteries - and other renewable energy products. Whether you are retro fitting storage to your existing system, fitting a battery only system, or ...
