

Argos rechargeable solar batteries

Where can I get solar rechargeable batteries?

Get set for solar rechargeable batteries at Argos. Same Day delivery 7 days a week, or fast store collection.

What is a rechargeable battery?

These batteries are exactly what they say, rechargeable. They can be used over and over again, by recharging them up using mains electricity. Although these are more expensive to buy than single-use batteries, they last a lot longer and are more efficient in using for your day to day household objects.

How long does a rechargeable battery last?

The most commonly available type are AAA and AA. Most available brands will have batteries that last up to 3 years which in the long run will definitely save you money on batteries! When buying rechargeable batteries it is good practice to buy a matching charger as this will optimise the battery longevity. Non-Rechargeable batteries

What types of batteries do you stock?

We stock a variety of sizes and types to suit all your needs, including: Rechargeable AA Batteries: Ideal for high-drain devices like digital cameras, game controllers, and toys. Rechargeable AAA Batteries: Perfect for remote controls, wireless mice, and smaller gadgets.

How do I dispose of my Argos battery?

Due to their components it is better to dispose of them in a controlled way rather than putting them straight into the general waste. Battery recycling is common and drop off points can be found in supermarkets or by doing a quick search on the internet. Support for Argos products.

Do you offer rechargeable batteries?

We offer rechargeable batteries from trusted brands known for their quality and performance. Enjoy extended use between charges, ensuring your devices are always ready when you need them. Rechargeable batteries can be recharged hundreds of times, saving you money in the long run.
