

Arizer solo battery level

How do I store my arizer Solo II Max battery?

Do not tamper with or misuse the Arizer Solo II MAX Battery, and do not use damaged/defective batteries or Solo II MAX devices. Arizer Solo II MAX should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery.

How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.

Do I need to charge my arizer Solo II Max?

Fully charge your Arizer Solo II MAX before first use. Arizer Solo II MAX Batteries and Chargers are manufactured to strict quality standards, specifically for use with the Solo II MAX. Only use official Solo II MAX Batteries & Chargers. Do not use any third-party, counterfeit, or unknown brand batteries or chargers.

How do I conserve the battery life of the arizer solo?

To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures. Charge the battery as necessary.

How should arizer Solo II be stored?

Arizer Solo II should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery. Do not store your Solo II with a fully charged or fully drained battery for extended periods of time (one month or longer).

Can I tamper with the arizer Solo II battery?

Do not tamper with or misuse the Arizer Solo II Battery, and do not use damaged/defective batteries or Solo II devices. Arizer Solo II should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery.
