

Arizer solo battery size

How long does the arizer solo battery take to charge?

The battery will take 3-4 hours to fully charge, or longer if you use it while charging. If your battery is running low, with the Arizer Solo you don't have to wait for the battery to charge before you can use it. Just plug it in, set the temperature, and use the Solo while the battery continues charging.

What is arizer solo 3 vaporizer?

The Arizer Solo 3 is the newest dry herb vaporizer designed by the Canadian company Arizer. One of my first vaporizers was the Original Solo vaporizer. It's about 12 years old at this point and it still works as good as the day I bought it.

How much does the arizer solo 3 cost?

The Arizer Solo 3 retails for \$344 and you can click [here](#) to pick it up directly from Arizer. Don't forget to use coupon code VAPEWIZ20 to save 20%. Read on below for my full Arizer Solo 3 review. *Use coupon code VAPEWIZ20 at Arizer for 20% off. Included with the Arizer Solo 3:

How do I store my arizer solo III v2.0?

Arizer Solo III v2.0 should be stored in a safe, temperature controlled, cool, dry place. Do not store in extreme temperature environments. Extreme heat or cold can damage the device and/or battery. Do not store your Solo III v2.0 with a fully charged or fully drained battery for extended periods of time (one month or longer).

How do I conserve the battery life of the arizer solo?

To conserve battery life, use the Arizer Solo in a temperature controlled environment and use the lower temperature settings. When outdoors, stay sheltered from the elements and avoid using in extremely cold temperatures. Charge the battery as necessary.

How does the arizer solo 3 work?

The Solo 3 features Arizer's signature usage process where the herb is loaded to small cup at the tip of the glass mouthpiece, and then inserted into the chamber that sits on top. The chamber of the Solo 3 is almost twice the size of the Solo 2. It is the same diameter, but it is a lot deeper.
