

# Average PV energy storage price per 20kW in Poland

What is the cost of solar power in Poland?

In the latest auction for renewable energy projects held by the ERO, solar power had an average price of PLN207.85/MWh and accounted for around 570MW of the allocated capacity in Poland. Currently, Poland has an installed PV capacity of more than 6.3GW.

Are photovoltaic panels available in Poland?

Marta Walendzewicz, Board Member of Menlo Electric, explores the availability of photovoltaic panels, trends, and challenges in the Polish photovoltaic market and the importance of choosing the right inverter. As we move further into 2023, the photovoltaics market in Europe and Poland has seen a range of fluctuations in prices.

What is the size of the PV market in Poland?

The Polish PV market currently has an installed capacity of more than 6.3GW. It is expected to grow significantly during the current decade and reach 30GW of installed capacity by the end of 2030, according to the Polish research institute, the Instytut Energetyki Odnawialnej (IEO).

Is Poland a key player in Europe's energy storage sector?

Poland is emerging as a significant player in Europe's energy storage sector. The recent capacity market auctions in December 2024 highlighted a substantial shift towards BESS, with approximately 2.5 GW secured by new generation capacity market units, predominantly Li-ion energy storage projects.

Is there a demand for photovoltaic inverters in Poland?

As the photovoltaic market in Poland continues to evolve, the demand for inverters in the 20-150 kW range for commercial installations has largely been met with improved availability. However, as mentioned earlier, the market still experiences shortages of inverters above 200 kW, which can result in waiting times of over a year.

Is the photovoltaic market changing in Poland?

As we take an up-close look, it can be noted that as the photovoltaic market in Poland evolves, there is a noticeable shift towards adopting newer trends in residential and ground-mounted installations.
