

Average hybrid renewable storage price per 150MW in Guernsey

How is Guernsey connected to the European electricity grid?

Guernsey is connected to the European Electricity Grid through a submarine cable link (via Jersey) into the Cotentin peninsular, due east of Jersey.

What happened to battery energy storage systems in Germany?

Small-scale lithium-ion residential battery systems in the German market suggest that between 2014 and 2020, battery energy storage systems (BESS) prices fell by 71%, to USD 776/kWh.

Are battery electricity storage systems a good investment?

This study shows that battery electricity storage systems offer enormous deployment and cost-reduction potential. By 2030, total installed costs could fall between 50% and 60% (and battery cell costs by even more), driven by optimisation of manufacturing facilities, combined with better combinations and reduced use of materials.

Where can I find information on Guernsey and Sark?

Information on Guernsey can be found on the States of Guernsey website ([https://www.statesofguernsey.gv.je](#)), and information on Sark is available at [https://www.sark.gv.je](#). Both Guernsey and Sark are located around 80 miles south of the UK mainland and around 30 miles from the European continent.
