

Average hybrid renewable storage price per 3MW in Spain

How will Spain increase its energy storage capacity?

Spain has launched an ambitious EUR700 million (around \$796 million) program to increase its energy storage capacity. This plan will add 2.5 to 3.5 gigawatts (GW) of storage. It includes pumped hydro, thermal energy storage, and battery systems.

How much energy storage will Spain have in 2024 - 2043?

Aim to ensure the effective deployment of energy storage. Spanish storage capacity from the current 8.3 GW, to 20 GW in 2030 and 30 GW in 2050. The PNIEC scenario for the hourly pool price projection calculation for the 2024 - 2043 horizon has been carried out by the Advisor based on PNIEC objectives using the software xPryce#174;.

What is Spain's energy storage subsidy plan?

EU approved Spain's EUR700 million energy storage subsidy plan, enabling Spain to deploy large-scale battery storage with co-financing up to 85%.

Why should Spain invest in energy storage?

Investing in energy storage helps Spain meet its climate goals. This includes achieving carbon neutrality by 2050. Storing renewable energy instead of wasting it helps the country rely less on fossil fuels. This also cuts down greenhouse gas emissions. Pumped hydro, thermal storage, and battery systems are effective technologies.

Is commercial and industrial energy storage underserved in Spain?

While Spain focuses on large-scale energy storage projects, commercial and industrial (C&I) energy storage remains underserved- a EUR2.1 billion untapped market (Wood Mackenzie 2024). Our modular commercial battery storage systems offer: ? EU-Compliant Safety Certifications (UN38.3, CE-EMC, IEC62619) ensuring subsidy eligibility.

How many GW of hydro capacity does Spain have?

Spain operates 17 GW of hydro capacity plus 3.3 GW of pumped storage. These assets have historically provided: Seasonal energy storage in reservoirs. Asset owners optimise based on the water value, considering power prices months into the future. Pumped Hydro responds to wholesale market price signals.
