

Average school solar storage price per 800MW in South Africa

How much do solar panels cost in South Africa?

In South Africa, the cost of installing solar panels varies significantly depending on several factors. On average, solar panel installation costs between R70,000 for a modest home to R350,000 for a larger home. These figures encompass the expenses related to equipment, labor, and other installation costs.

What size Solar System do you need in South Africa?

Typically, South African households require solar systems with an inverter capacity in the range of 3kW to 12kW, depending on their energy consumption needs. To determine the size of the solar system you need, it's essential to calculate your household's average energy consumption.

How much does a solar system cost?

A typical backup system for a house is, a 5kW inverter plus a 5kWh battery. The cost of such a system is around: R 80 000 5 kWh battery. So, if we have a look at the solar system part components and costs. A typical solar system is around 2 kW. Return on investment. So, let's calculate, what our return on investment will be.

How much does electricity cost in South Africa?

Even though electricity has drastically increased, electricity in South Africa is still relatively cheap compared to other countries. Especially compared to Germany, where the prices are 2 and a half times more expensive, at R7 per kilo watt hour. So, what does a complete backup and solar system cost today, and what is the payback like?

How much does an 8kW Solar System cost?

Tailored to meet the energy requirements of larger residences or commercial establishments, the 8kW system embodies enhanced energy generation and storage capabilities. The total prices vary between R140,000 and R190,000, contingent upon the selected inverter, solar panel, and battery brands.

Are solar panels tax deductible in South Africa?

Recently, in South Africa's budget speech for 2023/2024, various tax incentives were announced for the implementation of solar systems. Individuals can claim back up to R15 000 for solar panels installed & companies receive a 125% benefit of the total panel cost on their taxable income.
