

# Average wind solar storage price per 8MW in Poland

Is energy storage a good investment in Poland?

In Poland, interest in energy storage investment has been evident for some time. Last year's main auction of the power market, with capacity delivery for 2029, further bumped up the capacity of storage projects.

What happened to energy storage in Poland?

The Energy Regulatory Office said in a report last year on electricity storage in Poland that, as a result of the main power market auctions for 2021-2028 and the supplementary auctions for 2012-2025, contracts for energy storage with a total capacity of 9.5 GW were concluded.

How big is the wind farm installed capacity in Poland?

In accordance with the data published by the Energy Regulatory Office, at the end of 2019 wind farm installed capacity in Poland amounted to almost 5.9 GW, which corresponds to more than 14% of cumulated generation capacity in the National Power System.

How much does wind and solar power cost in Europe?

Prices for long-term deals to purchase wind and solar power in Europe rose 8.7% in the first quarter to 57 euros (\$62) per megawatt hour, according to a report from LevelTen Energy Inc., a Seattle startup that helps companies buy power from renewables projects. Prices for the power purchase agreements, or PPAs, are up about 28% from a year earlier.

How big is Poland's energy capacity?

According to data from the Energy Market Agency, at the end of November 2024, Poland's installed capacity was about 20.7 GW, growing year-on-year by almost 28 percent, and the installed capacity of wind power plants was about 10.2 GW, increasing year-on-year by about 8 percent.

Should US companies offer battery energy storage systems in Poland?

U.S. Commercial Service recommends that U.S. companies offering battery energy storage systems take a hard look at the Polish market because there will be opportunities for U.S. companies to propose their solutions for many years to come. For more information, please contact Commercial Service Poland at [office.warsaw@trade.gov](mailto:office.warsaw@trade.gov).

Poland's wind power industry is experiencing dynamic development, and the latest report "Wind Energy in Poland" [„Energetyka Wiatrowa w Polsce"] provides a detailed picture of its current state and future prospects. The report was ...
