

Is Romania a Bess market?

"As other European BESS markets become increasingly saturated,Romania stands out," said Evangelos Gazis,Aurora's head of Southeastern Europe,adding that the investment case for storage is strengthened by wind and solar's rapid expansion driving high volatility in wholesale and balancing markets. Interesting activity

How many MW is a Bess project in Romania?

This project will feature a 127 MWpower rating and an energy storage capacity of 254 MWh,making it one of the largest BESS projects in Romania to date. However,R.Power has not disclosed when the project will become operational.

Is the Bess market heating up in Romania?

The BESS market in Romania is heating up,say local analysts and insiders. Irene Mihai,policy officer at the Romanian Photovoltaic Industry Association (RPIA) recently told pv magazine that a realistic target for the utility-scale BESS segment in Romania "would be around 2 GWh (around 1 GW of installed capacity)" for 2030.

Which Romanian companies are adding Bess to their renewable assets?

Other Romania-based companies,such as Parapet and Waldevar Energy,have told pv magazine that adding BESS to their renewable assets is a top priority. The May edition of pv magazine features an in-depth look at Romania's solar and energy storage markets.

When will a Bess project enter the market?

Based on its modeling,Aurora foresees double digit internal rates of return for standalone BESS projects entering the market as early as 2026,while co-located assets could prove even more promising - especially post 2028 where rising saturation in the balancing markets is observed,it said.

How will Romania cope with high energy prices?

(EUR 1.0 = USD 1.088) Romania aims to have at least 2.5 GW of battery energy storage systems(BESS) in operation by next year and to surpass 5 GW of capacity by 2026 under a plan that is seen to help it cope with high energy prices.

As with utility-scale BESS, the cost of a residential BESS is a function of both the power capacity and the energy storage capacity of the system, and both must be considered when estimating system cost. Furthermore, the Distributed ...
