

Beats solo wireless battery replacement

Why are my Beats Solo 2 wireless headphones not charging?

Beats Solo 2 Wireless Headphones can fail to charge any longer and may only work when connected to a charger. At this point you will need to replace the battery of the headphones. The battery can start to improperly work after damage or age has affected it. This can end up having the battery cause an electrical fire if not replaced.

How do I reassemble my Beats Solo 2 or 3?

Place your replacement battery and plug it into the mainboard. Plug in the replacement battery and put it in the original spot. (From: YouTube/Joe's Gaming & Electronics) Reassemble your Beats Solo 2 or 3. Re-assemble the parts and make sure the case clips back in nicely. (From: YouTube/Joe's Gaming & Electronics)

Can I replace my beats battery for a fee?

We can replace your Beats battery for a fee. Our warranty doesn't cover batteries that wear down from normal use. Your product is eligible for a battery replacement at no additional cost if you have AppleCare for Headphones and your Beats headphone or earphone battery holds less than 80% of its original capacity.

Are beats wireless headphones worth it?

Beats have some of the most well-endorsed headphones by celebrities and athletes, which is among the reasons for their popularity. But they're not exactly famous for their durability and lifespan. Chances are, if you've had Beats wireless headphones before, you may have busted the battery of a few pairs.

How do I replace a PowerBeats Pro battery?

Put in the Powerbeats Pro's replacement battery. Make sure that the green cable connects to the upper connection point. Put in the replacement battery. (From: YouTube/Joe's Gaming & Electronics) Solder the replacement battery to the mainboard. Solder the replacement battery.

Do Beats headphones have a faulty battery?

However, if the methods above won't work, chances are your Beats headphones have a faulty battery. You can confirm this by checking if battery levels have changed post-charging using your smart devices. For this, you need to pair your Beats headphones to check their battery.
