What is a solar battery maintainer?

A solar battery maintainer is a compact and efficient device that helps keep your batteries charged without the need for a traditional power source. They work by utilizing solar panels to transform sunlight into electricity that can be used to charge your batteries.

Does Blue Planet Energy Blue ion Hi work with solar panels?

As with many other home battery products, the Blue Planet Energy Blue Ion HI is sized for day-to-day use at your home and pairs well with a solar panel system. But unlike many other options, it also integrates well with generators and the utility grid.

How long does a Blue Planet battery last?

Blue Planet Energy's warranty coverage says that by the end of 15 years or cycling your battery 8,000 times, your battery will still be able to store at least 70 percent of its initial out-of-box capacity.

What is Blue Planet Energy Blue ion Hi battery?

The Blue Planet Energy Blue Ion HI battery boasts an excellent depth of discharge of 100 percent. The Blue Ion HI battery is backed by an impressive 15-year, or 8,000-cycle, product and performance warranties that cover the equipment in the case of faulty parts or defects, as well as the actual performance of the battery.

Who is Blue Planet Energy?

Blue Planet Energy is a US-based battery manufacturer on a mission to eliminate the use of carbon-based fuels while powering the world with reliable, affordable, clean energy.
