Should you store your car indoors?

For the best long-term protection for classic cars and other luxury vehicles, climate-controlled indoor car storage is ideal. Everyday vehicles may benefit from monthly car storage for a number of reasons, including lack of space, major life changes, and more. Examples of Cars You Can Store:

What is the best way to store a car long-term?

One of the best ways to store a car long-term is an indoor storage unit with climate-control. Choose from 3 different types of temperature-controlled storage to suit your car storage needs. Best For: With a roof protecting your vehicle from the sun and other elements, covered car storage falls between indoor and outdoor storage.

Why should you rent a car storage space?

Rent a personal storage space for your vehicle and avoid harmful weather like from the sun, rain, snow, wind, dirt and dust. Climate controlled and/or heated areas are available. Enclosed storage offers the most protection. These indoor vehicle storage areas are only accessible by the vehicle owners and facility staff.

What is an indoor car storage unit?

Indoor car storage units are enclosed drive-up spaces with total shelter from the elements--including UV rays, rain, hail, snow, and more. These garage-like spaces for rent also offer added privacy and safety. With varying unit sizes, anything from a compact car to a large pickup truck or commercial cargo van can be stored in these units. Best For:

Should you store a car in a large city?

Temporarily storing a car is also useful while living in large cities where public transportation is easily accessible. If you plan to use your car on a semi-regular basis, store your car near you and save money by taking advantage of outdoor car storage!

Should you rent or store a car?

Renting car storage is ideal for cars that aren't used on a regular basis--such as secondary or travel vehicles, off-season vehicles, and collector or classic cars. Temporarily storing a car is also useful while living in large cities where public transportation is easily accessible.
