

Citizen solar tech gn 4w ul repair battery

Does citizen ecoDrive have a rechargeable battery?

Difficulty rating: Moderate. Follow instructions carefully to succeed. Although the Ecodrive watches made by Citizen contain a rechargeable battery, after a long period of usage the battery is no longer able to hold a charge. When that occurs, it would be less expensive to replace the battery instead of buying a new watch.

How do I know if my Citizen Watch has a battery?

First, you will need to diagnose the model of Citizen watch you have. If it is labeled a "Quartz" watch, the movement is powered with a standard battery (and you can skip to Step 2). However, if it is labeled as an "Eco-Drive" watch, it is not powered with a battery. An Eco-Drive watch is powered with a special type of cell called a capacitor.

What size battery does a Citizen Watch use?

With a magnifying glass, look at what battery size powers your Citizen. The size will be visible on the battery itself. Purchase the exact same type of battery, as a slightly different size will not fit. Citizen watch battery replacement sizes are usually a 395 (SR927SW) or 371 (SR920SW). Duracell 370/371 Silver Oxide Button Battery, 1...

Does a gn-4w battery need to be replaced?

At that age the battery may well need replacing. Sitting fully discharged will shorten their life. Oh, GN-4W isn't the model number, it's a label about the spec and opening mode of the case, iirc. There will be a serial number, and probably another number that's the movement-case pairing.

How are citizen repairs performed?

ALL Citizen repairs are performed by our Swiss-trained professional watchmaker utilizing state-of-the-art tools and charging equipment! For the basic Citizen Eco Drive service, the following are performed: Testing of your watch's charging circuitry. Testing of both movement & circuit consumption. New caseback and crown gaskets installed.

Do Citizen Eco-Drive watches have a pry-off cover?

There are certain Citizen Eco-Drive watches that have a pry-off type of cover. There is a slim pry tool available for those watches. Though fairly easy to remove, putting them back on is not simple without a stack press. Please see the last step for replacing those covers.
