What is the Philips Respironics battery kit?

Give your patients the confidence and convenience of powering their PAP therapy device with the Philips Respironics battery kit. It's designed to provide an uninterruptible power supply (UPS) to DreamStation and System One sleep therapy devices. By clicking on the link, you will be leaving the official Royal Philips ("Philips") website.

How does a Philips Respironics battery pack work?

Your patients will know that when the power goes out, the battery pack's integrated uninterruptible power supply (UPS) will help reduce therapy disruptions. Continuously connecting the battery kit to the patient's Philips Respironics sleep therapy device's power supply keeps it charged and ready for travel or UPS protection.

How much does a Philips Respironics sleep therapy battery pack weigh?

It's compact and lightweight at just 2.25 lbs. The battery pack uses the power supply from the patient's Philips Respironics sleep therapy device to reduce the number of cords needed for travel. I agree on cross-border transfer of personal information.
