

Ctek solar car battery charger

How do I charge my CTEK CS free?

Cig Plug DC input so you can charge your CS Free from a cig-plug adaptor. This allows you to recharge the internal battery and charge/power the outputs. CTEK CS FREE is the world's first truly portable battery charger and maintainer with Adaptive Boost technology.

What is CTEK CS free?

Where others have diversified, we remain focused on maximizing battery performance. CTEK's CS FREE is the world's first multi-functional portable battery charger and smart maintainer with Adaptive Boost technology. You can charge and maintain any 12V lead acid or lithium battery anywhere using a power outlet, solar or leisure battery power.

Can a CTEK charge a car off-grid?

It will also maintain a battery, just like its MXS 5.0 stablemate, and it can be connected to a solar panel to keep that maintenance cycle up pretty much indefinitely. What CTEK has created then is one of the first truly off-grid car charging solutions, and the possibilities that creates are almost endless.

How does the solar panel Charge Kit work?

With the optional Solar Panel Charge Kit, you can harness solar energy to charge your vehicle's battery and other devices, even when you're miles away from a power outlet. Whether you're camping, boating, or exploring the great outdoors, the CS FREE ensures you stay connected and your vehicle's battery remains charged.

What makes CTEK d250se a great battery charger?

Where others have diversified, we remain focused on maximizing battery performance. CTEK's D250SE is a fully automatic, 5-step on-board battery charger and maintainer. It supplies up to 20A of power to any 12V lead-acid or lithium (LiFePO4) service battery from 40-300Ah and has selectable charge algorithms for AGM and lithium batteries.

How do I recharge my CS free battery?

Replaces jump cables with Adaptive Boost - a safe and easy way to revive your flat battery. Charge up your CS FREE through the power outlet, using the included USB-C power adapter, or via solar power, a separate service battery or the vehicle's cig-socket, using optional USB-C CTEK accessories.

CTEK CS FREE is the world's first truly portable battery charger and maintainer with Adaptive Boost technology. You can charge and maintain any 12V lead-acid or lithium vehicle battery anywhere without being connected to a power outlet.
