Why should you choose Dahai?

With warehouses located in strategic locations around the globe, Dahai provides an efficient sale-to-service ecosystem, and we back up each one of our products with an industry-leading warranty and on-site support.

What is Dahai power pyramid-DHV series Lib energy storage system?

DaHai Power Pyramid-DHV series LIB energy storage system has a modular design and is compatible with smart homes in modern life due to its attractive appearance and smart functions, simple installation and easy maintenance. Da Hai independently developed the LFP cell, with the advantages of great safety and reliability, and 6000 life cycles.

Why should you choose Dahai solar?

Adhering to the brand concept of "new energy for a new world", Dahai Solar has always been committed to stand out in the photovoltaic industry, transforming light with ingenuity and providing green energy to everyone. Power attenuation should not exceed 1% in the first year and 0.4% in subsequent years.

What is the output power spectrum of Dahai solar?

Our product range offers an output power spectrum spanning from 365W to 670W. Dahai Solar is a pioneering leader in distributed PV within China, and our driving force is encapsulated in our brand concept, "New Energy, New World."

Why should you choose Dahai inverters?

Dahai's selection of inverters is suitable for any needs. We provide micro-inverters that can be useful for 'balcony-systems' with just one or two panels, to large three-phase inverters for industrial appliances and large solar farms. Our battery systems excel in efficiency and safety.

Why is Dahai introducing MES manufacturing system?

At the same time, the company has also introduced MES manufacturing system to trace the whole production process of the product. Dahai has invested in photovoltaic laboratory, established a strict quality control and testing system, and comprehensively ensured the continuous and stable product quality.
