

Does an energy storage power station require a road permit

Are battery energy storage systems permitted in a zoning district?

Tier 1 Battery Energy Storage Systems shall be permitted in all zoning districts, subject to the Uniform Code and the "Battery Energy Storage System Permit," and exempt from site plan review. 7. Permitting Requirements for Tier 2 Battery Energy Storage Systems

What if I have any questions about the battery energy storage system permit?

If you have any questions about the Battery Energy Storage System Model Permit, please email questions to cleanenergyhelp@nyseda.ny.gov or request free technical assistance at nyseda.ny.gov/Energy-Storage-Guidebook. The NYSERDA team looks forward to partnering with communities across the State.

What is a battery energy storage system model permit?

o Battery Energy Storage System Model Permit (Model Permit): The Model Permit is intended to help local government officials and AHJs establish the minimum submittal requirements for electrical and structural plan review that are necessary when permitting residential and small commercial battery energy storage systems.

Who is required to commission a battery energy storage system?

Where commissioning is required by the Uniform Code, Battery energy storage system commissioning shall be conducted by a New York State (NYS) Licensed Professional Engineer after the installation is complete but prior to final inspection and approval.

How do state and local permitting processes affect battery energy storage projects?

State and local permitting are crucial steps in the development of battery energy storage projects. Each state has its own regulatory framework, and local jurisdictions may impose additional requirements. California, Minnesota, North Dakota, and Wisconsin are a few examples of states that have robust statewide permitting processes.

Do I need a permit for battery storage?

Since BESS is still relatively new and many sites are in areas that are not specifically zoned for battery storage use, a land use permitting process, such as a conditional use permit (CUP) or special use permit (SUP) may be required from the local authority having jurisdiction (AHJ).
