

Does xinyuan technology have energy storage

Who is Xinyuan smart energy storage?

Xinyuan Smart Energy Storage Co.,Ltd. (Xinyuan) was selected for the list. Xinyuan is a specialized platform for new energy storage technology innovation and integrated application jointly established by CPID and Hyper Strong, and a new industrial engine for CPID to set new power system requirements and lead the energy storage market.

Where is Xinyuan power station located?

Since its establishment in July 2021, Xinyuan has installed electrochemical energy storage power stations with a total capacity of more than 700 MWh, ranking first in China in terms of incremental capacity, and Golmud Power Station has been constructed in high-altitude and alpine areas in Qinghai.

What does Xinyuan do?

Based on the project development, design, integration and operation of new energy storage power stations, Xinyuan continues to lead the high-quality development of intelligent energy, and strives to build a platform-oriented sci-tech innovation enterprise.
