

Expected ROI of microgrid storage project in Vietnam 2025

How will Vietnam's grid infrastructure improve the energy supply?

Vietnam's grid infrastructure is increasingly being modernised to meet the growing demand for energy. An improved grid will facilitate the integration of BESSs, allowing for better management of fluctuations in the supply of energy from renewable sources.

How a Bess project is promoting energy storage in Vietnam?

Encouraging domestic enterprises to invest in new technologies will promote the growth of the energy storage industry in Vietnam. Investment in BESS projects in Vietnam is attracting the attention of international partners due to the country's strong potential for RE development.

How can international investors support re & Bess projects in Vietnam?

International capital: International financial institutions, such as the World Bank, the Asian Development Bank (ADB) and green investment funds, are ready to provide financial support for RE and BESS projects in Vietnam. International investors can leverage these funding sources to mitigate financial risks.

How are re and Bess projects funded in Vietnam?

FIGURE 18. Domestic funding and capital sources for RE and BESS projects in Vietnam such as Vietcombank, BIDV and VietinBank, provide concessional loans for RE projects, often backed by government guarantees or support.
