

Expected ROI of photovoltaic ESS project in Romania 2026

Will NRRP support Romania's battery and solar photovoltaic manufacturing sectors?

The Ministry of Energy has recently announced a call for proposals to support Romania's battery and solar photovoltaic (PV) manufacturing sectors, worth EUR199 million and funded through the NRRP.

Is the Bess market heating up in Romania?

The BESS market in Romania is heating up, say local analysts and insiders. Irene Mihai, policy officer at the Romanian Photovoltaic Industry Association (RPIA) recently told pv magazine that a realistic target for the utility-scale BESS segment in Romania "would be around 2 GWh (around 1 GW of installed capacity)" for 2030.

How has the European Union funded Romania's recovery and Resilience Plan?

Funding has been enabled by the European Union (EU), through the bloc's recovery and resilience planning facilities. The national recovery and resilience plan (NRRP) of Romania was approved in a revised form in November 2023 that placed greater emphasis on clean energy technologies and green economic transition than its previous version.

In a significant development for India's renewable energy sector, a solar project integrated with energy storage has recorded a tariff of INR3.32 per unit--5.8 per cent lower than the rate discovered in a similar tender by SECI in ...
