

Franklin battery solar

Is franklinwh a good solar battery company?

FranklinWH is a newer company in the U.S. home energy storage market, but it could soon be a household name. It's already a favorite among installers, being offered by 23% of installers who responded to our 2025 Solar Industry Survey, and it earned the 7th placespot on our Best Solar Batteries of 2025 list.

What is a franklinwh battery?

The WH stands for Whole Home, and the company is all about whole home backup. FranklinWH's newest battery is the aPower2, now with higher storage capacity and power output than its predecessor. If you've been looking for a home battery storage system, you might be very impressed with FranklinWH's capabilities.

Is Franklin home power a good solar system?

Since its debut in early 2022, the Franklin Home Power system has been very well received by homeowners and industry professionals. Most notably, it's receiving high praise from the solar installers who actually install, monitor, and service home batteries.

Is the franklinwh a good battery system?

Compared to other lithium-ion home batteries on the market, the FranklinWH battery system offers more features and is more expensive from a dollars-per-kWh perspective. In general, true whole-home backup is very expensive, and only the FranklinWH FHP is designed to do it out of the box.

Is the Franklin home power system compatible with solar inverter brands?

The Franklin Home Power system is definitely compatible with major solar inverter brands like Enphase and SolarEdge and we have yet to come across an instance of incompatibility. Now that we know what's included in the FHP system and how much it costs, let's take a look at what makes this an attractive energy storage option.

What makes franklinwh a great home energy solution?

FranklinWH delivers a comprehensive home energy solution that seamlessly integrates solar power, battery storage, and intelligent management to maximize energy independence.
