This allows the Forerunner 955 Solar to achieve an impressive battery life of up to 20 days in Smartwatch mode with solar charging. In GPS mode, Garmin claims up to 42 hours and up to 49 hours while solar charging.

What is a Garmin Forerunner 955 solar?

The Garmin Forerunner 955 Solar is a significant upgrade to the Forerunner 945 with solar charging, touchscreen display, and much-improved battery life. It's perfect for runners and most of us who are not participating in extreme level sports or activities. Materials: Fiber-reinforced polymer case material. Silicone 22mm watch band

Is the Garmin 955 solar a good smartwatch?

The new Garmin 955 Solar version brings another element of performance to what many consider one of the best smartwatches on the market, adding the Power Glass Solar Charging lens to the screen. This allows the Forerunner 955 Solar to achieve an impressive battery life of up to 20 days in Smartwatch mode with solar charging.

Is the Garmin Forerunner 955 a true successor to the 945?

Coinciding with Global Running Day, Garmin actually did announce the Garmin Forerunner 955, the true successor to the 945. For the past few weeks, I've been running, hiking, fishing, walking, sleeping, working, and living with the Garmin Forerunner 955 Solar.

Does the forerunner 955 work with Connect IQ watch faces?

The Forerunner 955 and 955 Solar are designed to work with a variety of native watch faces as well as compatible Connect IQ watch faces. The usage of watch faces other than the default watch face may impact the battery life experienced in smartwatch mode. 2 Solar charging, assuming all-day wear with 3 hours per day outside in 50,000 lux conditions

Does the forerunner 955 solar have running power support?

On the Forerunner 955 Solar, running power support is built into the watch so that a separate app is not required. This will not provide you running power directly from your wrist, as we see with COROS and Polar, but it is seamless when you wear a chest strap or pod.
