

Government procurement price of Solar Inverter in Greece

Does Greece have a solar subsidy program?

Click here for the source article Greece's Ministry of Environment and Energy has launched a EUR200m subsidy program for solar projects and small storage systems to encourage residential and agricultural segments to adopt renewable energy.

How much is a feed-in tariff for a solar project in Greece?

The new law has also put an end to feed-in tariffs for solar projects up to 500 kW in size. Developers of such installations with the necessary licenses can sign contracts with Greece's Renewable Energy Sources Operator and sell the generated electricity in the electricity market at a feed-in tariff of EUR65.73 (\$71.37)/MWh.

Is Greece a good market for solar energy?

Greece become an economically highly attractive market for grid-connected PV systems, given the unique combination of high solar irradiation values and an exceptional feed in tariff. The increasing energy needs of Greece lead inevitably to the development of new methods for the production of energy from renewable sources.

How many GW of solar capacity does Greece have?

Image: Sandia National Laboratories, Wikimedia Commons Since 2016, when Greece introduced its competitive auction framework for renewable energy and held its first PV tender, the country has awarded more than 2 GW of solar capacity.

How many renewable electricity auctions will Greece hold in 2024?

The Greek Ministry of Environment and Energy released an updated version of the timetable for renewable electricity auctions. The new schedule sets the time and the capacity for each auction, while it calls for four auctions to be held this year and five in 2024.

How does Greece's new electricity curtailment law work?

The new law does not define the percentage of electricity curtailment for awarded projects in future auctions. Instead, the new law allows Greece's Ministry of the Environment and Energy to separately set the percentage of electricity curtailment for awarded projects for each new auction.

In addition to any central government procurement regime please address the following: regulated utilities procurement regime (e.g. water, gas, electricity, coal, oil, postal services, telecoms, ports, airports), military procurements, non ...
