

# Growatt solar battery review

How good are Growatt batteries?

Customer Reviews (2 out of 5):Based on verified customer reviews submitted through Solar Choice's independent platform,Growatt batteries have received an average rating of 3.94 from 16 reviews. According to our customer review scoring framework,this equates to a score of 2 out of 5.

Are Growatt batteries good for solar inverters?

Growatt Battery,developed by Growatt New Energy,a manufacturer of inverters,is making significant strides in the industry. These batteries are well regarded for their efficiency and versatility,making them ideal companions for your solar inverters.

Can Growatt batteries be installed outside?

While they can be installed outside,all Growatt batteries should be placed out of direct rain and sunlight. Unlike some batteries,Growatt says installing theirs at a slight tilt is fine: All Growatt batteries require the use of a hybrid inverter or a battery inverter.

Can Growatt batteries be used in off-grid solar systems?

Yes,Growatt batteries can be used in off-grid solar systems. Models like the ARK LV series are ideal for off-grid applications,and with a compatible inverter,they can store solar energy for use during non-sunny hours. How much energy can a Growatt battery store? Growatt batteries vary in storage capacity depending on the model.

Do Growatt batteries come with a warranty?

The Growatt batteries and inverters also come with a 10-year warranty,with no registration required,and their local engineers are always on-hand to replace any faulty hardware. Of course,as Platinum-approved Growatt installers,we are always going to be slightly biased!

Is Growatt a good solar storage brand?

In 2022,Growatt's storage range was given six 'Top Brand PV Storage' seals,in multiple key solar storage markets,including the UK,Italy,Australia,Scandinavia,Czech Republic and Brazil. This means that in terms of reliability,and brand satisfaction Growatt was a top supplier in these countries and regions.

Green Generation Electrical Ltd... Green Generation Electrical Ltd installed our first Growatt system last week. There was a small issue with a faulty part on the new battery system causing it to go into sleep mode. I spoke to the guys at ...
