Does a glass storage container keep tea fresh?

Not every item for sale will actually help keep your tea fresh, and not every storage container works in every kitchen. A glass storage container might look great in the pictures, but if the only place you have to store it is in direct sunlight, it may not be the best item for you to keep your tea at its best.

How do you store green tea?

- o Protect green teas from light: Do not use glass canisters to store your tea. Light can damage your tea and decrease its shelf life, so choose your material carefully and keep storage containers away from direct sunlight.
- o Protect teas from heat: If it's too hot for you, it's too hot for the tea.

How should tea be stored?

All teas benefit from being stored in a cool dry place where the temperature does not fluctuate very much. Tea is very good at absorbing odours so keep it away from anything smelly. Airtight containers are inexpensive and much better than the plastic pouches or cardboard containers that tea typically comes in.

How do you store tea in a vacuum bag?

Vacuum packaging is a mixed blessing as tea lasts longer on the shelf but the packaging may crush the leaves and make the tea bitter. Many teas come in a cardboard container with a vacuum packed pouch inside. Keep the tea sealed in the pouch and keep the pouch in the cardboard container if you don't have any airtight containers.

How do you store a tea canister?

For long-term storage, make sure your bags are multi-ply with an inner layer of foil or glassine (a substance similar to wax paper). This avoids contamination by water, air or grease. A tight seal is key. If the mechanism can hold water, it can protect tea. Good options include: Double lids (these are common with metal tea canisters).

How do you store loose leaf tea?

Now you might be wondering about the best way to store loose leaf tea so that it lasts as long as possible. This part's easy! Keep your tea away from light, moisture, and heat. Tea goes bad if it is left out.
