

## Im motors solid state battery

However, the battery pack will only be available in the top-trim model. IM Motors called the solid-state battery a "first-generation light-year solid-state battery" with a capacity of 130 kWh and a CLTC range of more than ...

IM Motors claim that the L6, due to launch in May, will come with the industry's first mass-produced ultra-fast charging solid state battery. More details will be announced at the IM L6 Technology Conference on April 8 but ...
