Does Lion Energy sell home solar panels?

*Lion Energy does not sell home solar panel systems. To add solar to integrate with your Lion Sanctuary system, please contact a licensed provider in your area. The Lion Sanctuary dramatically reduces energy cost when either paired with solar panels or in areas that have peak billing.

What is a lion sanctuary lithium energy storage system?

The Lion Sanctuary Lithium Energy Storage System(TM) (ESS) is a powerful solar inverter and energy storage system that harnesses the power of the sun to power your home, cabin, houseboat or office. Lithium Iron Phosphate battery solutions for any commercial business need. Seamlessly keep the power flowing regardless of grid availability.

How do solar panels work with the Lion sanctuary?

Pairing solar panels with the Lion Sanctuary stores energy during the day for use during peak usage time in the evening and early morning. In areas where energy costs have peak and off-peak billing times, the Sanctuary can be set to collect energy from the grid during off-peak times for use during peak hours, thus mitigating energy costs.

What are lion energy storage systems?

All of these solutions, from portable handheld power banks and solar generators to home and large custom solutions, use advanced technology we call LionESS(TM) or Lion Energy Storage Systems. LionESS allows you to control and efficiently use energy, where you need it, when you need it.

Why should you choose Lion Energy?

And Lion Energy is a perfect partner to help you. Having your own energy system has never been so easy and so affordable. You can get power from the grid (utilities), from the sun through solar panels, from the wind, flowing water, or even some other human-made devices.
