

Is large-scale battery energy storage on the rise in Poland?

Large-scale battery energy storage is on the rise in Poland. DRI, part of the Ukraine-based DTEK group, has taken an important next step on its 133 MW 4h (532 MWh) battery storage project in Trzebinia, Poland, by acquiring 100% of the shares from Columbus Energy.

How many hybrid energy storage projects are there in Poland?

Development of approx. 20 hybrid energy storage projects with a capacity of over 500 MW. Development of an energy storage project at the Kraków CHP plant with a capacity of approx. 90 MW. Analysis of the possibility of using energy storage facilities to support the reliable and safe supply of green energy to the Polish railways.

Which country has completed a 532 MWh battery storage project?

Meanwhile, Ukraine's DTEK has completed the acquisition of a 532 MWh battery storage project in southern Poland. Polish state-owned energy company PGE Group announced a tender for the construction of a battery energy storage facility in Zarnowiec, which is likely to become the nation's largest once completed.

Which companies are building a battery storage facility in Poland?

Polish utility PGE Group has launched a tender for the design and construction of a battery storage facility with a minimum capacity of at least 900 MWh. Meanwhile, Ukraine's DTEK has completed the acquisition of a 532 MWh battery storage project in southern Poland.

How many MW will PGE have by 2030?

By 2030, the company aims to have at least 800 MW of new energy storage capacity. In January, PGE Group announced that it had obtained connection conditions for a battery storage facility with a capacity of 400 MW in Gryfino, northwestern Poland.

Will energy storage systems projects be subsidised under the National Recover & Resilience Plan?

The call for proposals of projects to be subsidised under the Energy Storage Systems scheme financed from the National Recover and Resilience Plan opened on 17 February 2025. More »

A new program of the National Environmental Protection and Water Management Fund - dedicated to large energy storage, supporting projects with a capacity of more than 50 MW. Agroenergy and Energy for the Countryside - programs ...
