What is Italy's energy storage structure?

Italy's energy storage structure is also dominated by residential storage, which accounts for more than 80% of new installations. In December 2023, the EU greenlit Italy's energy storage program, earmarking a hefty investment of EUR17.7 billion.

Where in Italy will a new battery energy storage system be built?

The largest project, a 160 MW facility, will be built in the municipality of Tuscania. Italy's Ministry of the Environment and Energy Security (Mase) has issued final approvals for five new battery energy storage system (BESS) projects, paving the way for 361 MW of new capacity to be added to the nation's grid.

How much will Italy's energy storage program cost in 2023?

In December 2023, the EU greenlit Italy's energy storage program, earmarking a hefty investment of EUR17.7 billion. This initiative is anticipated to facilitate the construction of over 9GW/71GWh of energy storage systems (ESS).

How many MW is a Bess project in Italy?

The 50 MW "Stornara" BESS project in Stornara (Foggia, Apulia - Southeastern Italy), awarded to Atlas Storage 5 Srl. The 25 MW "Malone" BESS project in Ceprano (Frosinone, Lazio - Central Italy), awarded to GreenStore 4 Srl. Duration and overall storage capacity in hours /megawatt hours are not typically provided in the authorization decrees.

What policy changes are affecting residential storage installations in Italy?

Residential storage installations in Italy are particularly sensitive to policy changes. The country operates under a net metering policy for residential PV generation, where households with grid-connected solar panels can feed excess electricity production back to the grid at retail prices.

How much ESS capacity has been installed in Italy in 2023?

According to ANIE data, as of 30 June 2023, a total of 3,045MW/4,893MWh of ESS capacity were installed in Italy, of which 776MWh of residential storage capacity were installed in Q2 of 2023, a 13% decline from the previous year. The reduction is mainly due to the retreat of Superbonus subsidy policy.
