

Portable ESS system project financing options in Saudi Arabia 2026

How will Bess projects impact Saudi Arabia?

The successful implementation of BESS projects will significantly contribute to Saudi Arabia's goal of increasing the share of renewable energy in its power mix, targeting 50% by 2030.

Which companies are prequalified for Bess projects?

Among the companies prequalified for the BESS projects are global leaders in energy storage and power generation, alongside regional firms with a strong track record in delivering infrastructure projects.

Does KSA have a storage service agreement with SPPC?

Each SPV will enter into a 15-year Storage Services Agreement with SPPC. As part of Vision 2030, KSA aims to supply 50% of its electricity from renewable energy by 2030 and has set a clear plan to transition its energy mix towards solar, wind and other renewable energy sources.

Why is Saudi Arabia focusing on Bess?

Saudi Arabia's focus on BESS is not only a response to the country's energy needs but also a strategic move to position the kingdom as a leader in the global energy storage market.

Saudi Power Procurement Company (SPPC), under the Ministry of Energy, has prequalified a total of 33 local, regional and international companies for the First Group of Battery Energy Storage System (BESS) projects, or G1 BESS ...
