Who is SolarPro Northern Beaches?

Solarpro Northern Beaches designs and installs solar systems that maximise the amount of power used and savings achieved. To ensure our customers never have to worry about problems with their SolarEdge system, we monitor it for them daily for life - provided their system is turned on and has Wifi.

Who does SolarPro work with?

We work with leading national and international manufacturers to provide the latest solar technology. Solarpro has a large and diverse range of products including smart solar power and battery systems, solar pool heating, solar hot water, solar room heating, building integrated solar, and solar EV chargers.

Who is smart solar power & battery systems?

Smart Solar Power & Battery Systems. Call Solarpro. Solarpro is one of the top 10 Solar Energy Companies in APAC in a list published by Energy Business Review. Solarpro was particularly recognised for its expertise in 'Smart' solar systems which enable people to maximise the use of their own solar power.

Why do we offer high-quality solar panels in the Northern Beaches?

Quality matters when it comes to solar panels in the Northern Beaches. That's why we only offer high-quality solar panels that are designed to maximise energy production and durability.

Who is SolarPro?

Solarpro specialises in innovative smart solar technology with strong after-sales support, which includes free daily monitoring of your SolarEdge system. We can install technology that enables you to use more of your own solar generated energy in your home or business. Now you have a Smart Solar System that is remotely monitored and controlled.

Are SolarPro installers REC certified?

Solarpro installers are REC Certified Solar Professionals. This means they have been carefully selected, trained and certified by REC to ensure "best-in-class service and reliability". As a result, Solarpro customers receive a longer product and labour warranty on their REC solar panels.

When lithium-ion solar storage batteries hit the market, Solarpro's customers benefited from LG RESU batteries and got ahead on their ROI. We installed the first Powerwall 2 in NSW on the Northern Beaches and are now in Tesla's top ...
