All the best brands at very competitive prices! GES Energy are fully accredited installers of solar batteries Wollongong, offering residential battery systems and C&I energy storage solutions. Call us today!

Does Hott solar Wollongong offer battery storage?

HOTT Solar Wollongong offers a range of battery storage solutions to complement your solar installation. Are there any incentives for going solar? There are various government incentives and rebates available to help offset the cost of solar installations.

Why do people in Wollongong need solar panels?

Solar panel systems make it possible for people in Wollongong to use clean, green energy to power their homes and businesses. The energy from the sun that your panels collect can be used right away, sent back to the grid or saved for later. If you want to do the third option, you'll need solar batteries that can keep up with your energy needs.

Who is Hott solar Wollongong?

HOTT Solar Wollongong is a leader in the solar industry, with unmatched knowledge and a strong commitment to environmental protection. Our certified professionals offer cutting-edge solar solutions for businesses and homes. These solutions help clients save money on their energy bills and protect the environment at the same time.

Does Hott solar Wollongong offer EV chargers?

Enhancing your solar setup is effortless when you have a professional install your EV charger. Harness the sun's energy to charge your electric vehicle with HOTT Solar Wollongong's tailored EV charger solutions, designed for both home and business applications.

What is the NSW solar battery rebate?

From 1 November 2024, the NSW Solar Battery Rebate helps households and businesses in Wollongong with existing rooftop solar to reduce energy costs and enhance efficiency by installing battery storage and connecting to a Virtual Power Plant (VPP). Upfront Battery Installation Rebate: \$1,600-\$2,400, depending on battery size.
