

Solar diesel hybrid storage tender price in Portugal 2025

How much will Portugal spend on energy storage projects in 2025?

Portugal's Ministry of Energy has announced that it has allocated EUR 100 million (\$104.2 million) to 43 energy storage projects which should be installed by the end of 2025. A total of 79 applications were vying for grant support secured under the country's Recovery and Resilience Plan (RRP).

What does Portugal's energy storage tender mean for the energy transition?

Portugal's government has announced the outcome of an energy storage tender that will see the installation of 500 MW of energy storage capacity to support the country's energy transition. Energy storage battery. Photo by Anna Vasileva

Why is Portugal launching a solar energy storage project?

This initiative aims to enhance the flexibility and stability of Portugal's power supply system amid its record-breaking solar electricity production. On July 31, the ministry announced the allocation of EUR 99.75 million through a call for tenders to install energy storage projects totaling 500 MW.

In a significant development for India's renewable energy sector, a solar project integrated with energy storage has recorded a tariff of INR 3.32 per unit--5.8 per cent lower than the rate discovered in a similar tender by SECI in ...
