Why is Brazil launching a battery auction in 2025?

Regarding the launch of the BESS auction in 2025, the Brazilian minister, Alexandre Silveira de Oliveira, said: "The purpose of the battery auction is to boost battery technology in Brazil and try to bring Huawei and other large battery producers, mainly from China and other countries, to be able to bring technology to Brazil."

Why does Brazil conduct solar power auctions?

Brazil typically conducts auctions to secure power capacity for periods when demand peaks but supply diminishes, such as late afternoons - a time when solar power production declines. The June 2025 auction, exclusively for batteries and storage systems, is the first time the government allows such technologies to participate.
