

Solid state battery conference 2024

What is solid-state battery Tech 2024?

view more... Welcome to the SOLID-STATE BATTERY TECH 2024 Exhibition and Conference, where EV Solid-State Battery experts will meet with top-level automotive industry leaders to explore cutting-edge technologies and advance manufacturing practices shaping the future of Solid-State Batteries. Join us as we unlock new horizons in battery technology.

When is solid-state battery summit 2024?

Check out who is attending ? exhibiting ? speaking ? schedule & agenda ? reviews ? timing ? entry ticket fees. 2024 edition of Solid-State Battery Summit will be held at InterContinental Chicago Magnificent Mile, Chicago starting on 13th August. It is a 3 day event organised by Cambridge Innovation Institute and will conclude on 15-Aug-2024.

What is a solid-state battery summit?

This unique summit will cover the global solid-state battery ecosystem from multiple angles including advances in chemistry, engineering and safety as well as cost control strategies by manufacturers with an outlook on the forecasted market expansion for China, Japan, Korea, Europe and the United States.

What is the Battery Conference 2024?

The Battery Conference 2024 is an annual international conference organized by the Korea Battery Industry Association (KBIA) since 2012. It covers emerging trends, challenges, and the latest technological advancements in lithium-ion batteries and future battery technologies.

What is a solid-state battery event?

The event brings together OEMs and industry manufacturers to collaborate and reduce material and manufacturing costs, making solid-state batteries mainstream. Attendees will explore innovative methods and technical know-how to overcome challenges in developing next-generation batteries for electric vehicles.

When is solid state device Conference 2024?

The conference will be held on Oct.22-25,2024 in Zhuhai, China. All aspects of solid-state devices, circuits and systems, process technologies, materials and other related research are within the scope of the conference.

Join us for an exciting in-person and virtual summit that delves into the global solid-state battery ecosystem from every perspective. This unique event will explore significant advances in chemistry, engineering, and safety, alongside ...
