

Solo cam c210 battery life

How long does eufy solocam C210 last?

This ease of installation is a significant boon for users looking to enhance their home security without the hassle. Further enhancing its utility, the Eufy SoloCam C210 boasts an impressive battery life of up to 3 months on a single charge.

Why should you buy a C210 solocam?

Alerts That Matter: The on-device AI notifies only when people are detected, reducing false alerts triggered by passing animals or swaying tree branches. **Long Battery Life:** Stay protected for up to 3 months on a single charge. **Built Tough for Any Weather:** With an IP67 weatherproof rating, C210 SoloCam is guarded against harsh weather conditions.

Does eufy solocam C210 have a solar panel?

Further enhancing its utility, the Eufy SoloCam C210 boasts an impressive battery life of up to 3 months on a single charge. However, it does not come with an integrated solar panel, which could have been a valuable addition for uninterrupted power supply.

Does C210 solocam have a solar panel?

Put C210 SoloCam anywhere thanks to its tiny size and wire-free design. Drill one hole, once. Note: C210 SoloCam is compatible with S380 HomeBase 3 for additional storage and BionicMind(TM) facial recognition. Unlike S220 SoloCam, C210 SoloCam does not have an integrated solar panel. The input is 5V/2A (10W).

How much storage does the solocam C210 have?

With 8 GB of high speed storage* built in, up to 3 months of footage can be stored locally* at an average of 400 seconds captured daily. No hidden costs or extra fees. Secure your home in just a few minutes with an installation free from wires. With IP67 weatherproof protection, the SoloCam C210 is guarded against harsh weather.

How does the eufy solocam C210 Smart Alert System work?

The smart alert system in the Eufy SoloCam C210 leverages advanced AI to differentiate between human activity and other movements, such as those caused by animals or natural elements. This intelligent feature significantly reduces the number of false alerts, ensuring that users are notified for genuine security concerns.
