

# Successful bid price of utility scale ESS project in Yemen 2030

What happened to ESS bid prices in March 2024?

In March 2024, ESS bid prices varied depending on their storage capacity, with an overall downward trajectory evident, particularly in the case of four-hour ESS bids, which hit yet another all-time low. Raw material prices for storage battery are expected to remain stable. At the outset of 2024, battery prices experienced a decline.

What is Rystad Energy's forecast for Global Bess installations?

Rystad Energy's forecast for global BESS installations over the coming decade. Image: Rystad Energy. Annual battery energy storage system (BESS) installations will grow by 10x between 2022 and 2030, according to research firm Rystad Energy.

What are battery cost projections for 4 hour lithium-ion systems?

Battery cost projections for 4-hour lithium-ion systems, with values normalized relative to 2022. The high, mid, and low cost projections developed in this work are shown as bolded lines. Figure ES-2.

What is the price gap between ESS and batteries?

In March, the price disparity between ESS and batteries has continued to shrink. The average price of a 280Ah/0.5C storage battery hovered around 0.38 yuan/Wh in March 2024. According to our data, the average winning price for a 2-hour ESS is approximately 0.63 yuan/Wh, resulting in a price gap of around 0.25 yuan/Wh.

When will battery cost projections be updated?

In 2019, battery cost projections were updated based on publications that focused on utility-scale battery systems (Cole and Frazier 2019), with updates published in 2020 (Cole and Frazier 2020) and 2021 (Cole, Frazier, and Augustine 2021). There was no update published in 2022.

What will Rystad expect from Bess deployments in 2022?

Rystad expects annual BESS deployments to grow by an average CAGR of 33% between 2022 and 2030, across all market segments including residential, commercial and grid-scale. From 43GWh of deployments last year, the firm is anticipating some 421GWh of new capacity to come online in 2030.
