

Warehouse solar storage cost breakdown in Turkey 2026

Do you need a license for solar energy in Turkey?

Turkish regulations stipulate that renewable energy investments of less than 5 MW do not require a license from the Energy Regulatory Authority (EMRA). Roof-top solar energy producers can sell their excess electricity to the grid at a maximum limit of 5 MW if they are production plant owners, and 10 kW if they are homeowners.

Should energy storage regulations be finalized?

Energy Storage Industries Association (EDEDER) President Can Tokcan noted during a press briefing that finalizing regulations is crucial to accelerating investments. "The draft regulation for energy storage has been published, but the final version needs to be issued urgently.

Can a roof-top solar energy producer sell excess electricity?

Roof-top solar energy producers can sell their excess electricity to the grid at a maximum limit of 5 MW if they are production plant owners, and 10 kW if they are homeowners. Solar and wind energy investments receive customs duty exemptions, corporate tax deduction, and other incentives.
