

# Where to view the announcement of energy storage industry bidding

How much energy storage will NYSERDA support in 2024?

The June 2024 Order formally proposes 6,000 megawatts (MW) of energy storage to be installed by 2030, and authorizes funds for NYSERDA to support 200 MW of new residential-scale energy storage, 1,500 MW of new commercial and community-scale energy storage, and 3,000 MW of new large-scale storage.

Should bulk energy storage be added to New York's grid?

Adding bulk energy storage to New York's grid will lower costs, optimize the generation and transmission of power, enhance energy grid infrastructure, and ensure the reliability and resilience of the State's electricity system.

When did NYSERDA submit the bulk energy storage program manual?

On June 12, 2025, NYSERDA filed the Bulk Energy Storage Program Manual [PDF] with the Public Service Commission. On April 18, 2025, NYSERDA submitted the Bulk Energy Storage Final Implementation Plan to the Public Service Commission. On March 21, 2025, the Commission issued an Order Approving Bulk Implementation Plan with Modifications [PDF].

What is a residential energy storage incentive?

Storage systems may be standalone, or paired with a new or existing clean on-site generation like solar, fuel cells, or combined heat and power. The Residential Energy Storage Incentive is available for New York State residents installing grid-connected energy storage on a new or existing home.

What energy storage incentives are available in New York State?

The Residential Energy Storage Incentive is available for New York State residents installing grid-connected energy storage on a new or existing home. Incentives are available for up to 25 kWh of storage capacity. The Retail Energy Storage Incentive is available for projects up to 5 megawatts (MW). Projects must be new, permanent, and stationary.

What is New York's New energy storage goal and deployment policy?

On June 20, 2024, the New York Public Service Commission approved the Order Establishing Updated Energy Storage Goal and Deployment Policy [PDF]. The Order directs NYSERDA to issue three Requests for Proposals (RFP) for the new Bulk Energy Storage Program.
