Why should I buy a battery for my Boat?

**STAY IN CONTROL OF YOUR BOAT'S POWER!** Ensure your boat's power is always at its peak with our innovative Bluetooth® Lithium Batteries. They are designed for modern boaters and fishermen, offering real-time monitoring and seamless updates via an intuitive app available on Apple® and Android(TM) devices.

What is Abyss battery®?

At Abyss Battery®, we specialize in engineering high-performance lithium marine batteries designed for reliability, efficiency, and unmatched power. Trusted by dealers, OEM boat builders, and professional anglers worldwide, our innovative battery solutions are redefining marine energy storage. But we don't stop there.

Are lithium electric fishing reel batteries good for fishing?

Experience the freedom of uncluttered fishing with our plug-and-play Portable Lithium Electric Fishing Reel Batteries. Perfect for kite fishing and deep drop bottom fishing, our innovative batteries eliminate the hassle of under-gunnel installations and prevent cord tangles and trips. Say goodbye to carrying extra batteries on your boat deck.

Why should you use a marine battery charger?

Marine use demands batteries endure temperature fluctuations, vibrations, and moisture exposure. Low-temperature cut-offs and waterproof casings enhance safety and battery life under tough conditions typical of marine settings. Ensure you use a charger compatible with LiFePO4 chemistry.

Is Weize a good battery?

Built tough for trolling motors, solar use, and marine applications, WEIZE also offers a 10-year warranty and responsive customer support, highlighting its reliability as a marine power solution. While not a battery itself, the NOCO Genius GEN5X2 is an essential companion for maintaining and charging marine lithium batteries efficiently.

What batteries do I need for a 36V trolling motor?

ONE ABYSS 36V Lithium will replace THREE 12V Group 31 Marine Deep Cycle AGM Batteries in series to power your 36V trolling motor. If you need more power or voltage for larger boats and electrical systems, our batteries can be wired in series and parallel tailoring to your needs. LITHIUM VS.
